

Lockyer Valley Flood Mitigation Works

PROONENT

LOCKYER VALLEY REGIONAL COUNCIL

The Lockyer Valley Flood Management Plan identifies mitigation measures to increase flood immunity and address the increasing damage costs that are an unsustainable burden on the community.

Current key projects include the Laidley Flood Mitigation Strategy and the Withcott Flood Mitigation Scheme.

Laidley Flood Mitigation Strategy is to improve both storage and conveyance of the system resulting in fewer impacts in more extreme flooding scenarios. Resultant benefits of the project are more resilient facilities and extensive open space.

Withcott Flood Mitigation Scheme involves an increase in the conveyance and capacity of Gatton Creek in Withcott. The identified improvements would assist access to Toowoomba in heavy rain events and assist in business as usual along this section of Toowoomba Connection Road.

REGIONAL INVESTMENT FRAMEWORK

Investing in Services

Investment in regional services with a focus on improving quality and accessibility.

An Australian Government Initiative

IPSWICH & WEST MORETON

PROJECT LOCATION

Cost: Laidley Mitigation

\$15M

OVER 3
STAGES

Withcott Mitigation

\$26.5M

- ✓ Enhancing connectivity, accessibility and equity of services.
- ✓ Investment including across communications, health, water and transport.

KEY PARTNERS

Local people creating local opportunities

Regional Development Australia (RDA) Committees are made up of local people creating local opportunities.

Regions are incredibly diverse, and there is no one-size-fits-all approach - the government and RDAs are working with each other to solve the challenges and harness place-based opportunities.

RDA Ipswich & West Moreton

As part of a broader network of committees throughout Australia, our committee plays a vital role in promoting and supporting economic development within the Ipswich and West Moreton region.

Our goal is to bring together local leaders from various sectors and work collaboratively with all levels of government, businesses, and community groups to ensure the long-term growth and prosperity of the region.
