

Strengthening Grantham Highway Access

PROPONENT

LOCKYER VALLEY REGIONAL COUNCIL

Catalytic road infrastructure is required to provide safe and flood free access from Grantham to the Warrego Highway.

The road infrastructure will provide an evacuation route from the Grantham township, as planned road linkages have not been constructed. During flood events Grantham is isolated, leaving residents without access to food, medicine and other essential services.

Access to the Warrego Highway also will assist to activate land for employment uses and create a complete community, and will add to the work already completed in relocating the residents of Grantham to a safe area.

BENEFITS TO THE REGION

- A safe, flood free transport route during disaster events providing access for emergency vehicles and the public.
- Supporting regional growth and building resilience to disaster events.
- Continue the development of Grantham in a safe location, and realise opportunities to nurture and enrich the culture of Grantham.
- Potential opportunities to activate industrial land, generating additional local jobs.

KEY PARTNERS

Local people creating local opportunities

Regional Development Australia (RDA) Committees are made up of local people creating local opportunities.

Regions are incredibly diverse, and there is no one-size-fits-all approach - the government and RDAs are working with each other to solve the challenges and harness place-based opportunities.

RDA Ipswich & West Moreton

As part of a broader network of committees throughout Australia, our committee plays a vital role in promoting and supporting economic development within the Ipswich and West Moreton region.

Our goal is to bring together local leaders from various sectors and work collaboratively with all levels of government, businesses, and community groups to ensure the long-term growth and prosperity of the region.
