

New Beaudesert Library

PROPONENT

SCENIC RIM REGIONAL COUNCIL

The new Beaudesert Library initiative is a crucial investment shaped by extensive community consultation, reflecting the needs of the Scenic Rim population.

The current library operates at only a quarter of the required space, highlighting the urgent need for expansion. The library will enhance community and cultural amenities in the CBD renewal master plan.

The project aims to benefit all demographics: custom zones for families, expanded learning spaces for children and youth, student study resources, and lifelong learning opportunities for seniors. The library will become a focal point for cultural stimulation, supporting economic growth, local business engagement, and enriching the region's cultural fabric through diverse events and programs. This initiative promotes community cohesion, lifelong learning, and improved quality of life for Scenic Rim residents.

BENEFITS TO THE REGION

- Increased space: The new library will expand from inadequate space to serve the catchment population better.
- Enhanced community/cultural amenities
- Diverse and inclusive programs: Families, children, youth, students, and seniors will benefit from interactive learning spaces.
- Economic growth and local business engagement.
- Fostering lifelong learning opportunities and strengthening community cohesion.

KEY PARTNERS

Local people creating local opportunities

Regional Development Australia (RDA) Committees are made up of local people creating local opportunities.

Regions are incredibly diverse, and there is no one-size-fits-all approach - the government and RDAs are working with each other to solve the challenges and harness place-based opportunities.

RDA Ipswich & West Moreton

As part of a broader network of committees throughout Australia, our committee plays a vital role in promoting and supporting economic development within the Ipswich and West Moreton region.

Our goal is to bring together local leaders from various sectors and work collaboratively with all levels of government, businesses, and community groups to ensure the long-term growth and prosperity of the region.
