

Integrated Transport Plan

PROPONENT

SCENIC RIM REGIONAL COUNCIL

The Scenic Rim Regional Council manages a vast area of 4,256 km², encompassing 18,500 residences and a road network of 1,767 km (974 km sealed, 793 km unsealed).

To address current and future transportation needs, the Council is developing an Integrated Transport Plan as a strategic tool for long-term improvements. However, current funding is insufficient to meet the growing demands of the transport network, including freight and active transport.

Additional funding support is essential to deliver the plan's outcomes, promoting economic growth, enhancing public safety, and improving quality of life. Investing in transport infrastructure reduces travel times, lowers vehicle maintenance costs, creates jobs, improves road safety, and contributes to sustainability and resilience against climate challenges. Prioritising this investment is vital for a more connected and prosperous community.

BENEFITS TO THE REGION

- Maintained roads support a functioning economy by enabling efficient transportation of goods and services.
- Public safety-enhanced road infrastructure.
- Improved quality of life: Reduces travel times and decreases vehicle maintenance costs.
- Sustainability: Accommodate modern traffic demands and environmental considerations contributes to long-term sustainability.
- Enhancing community connectivity.

KEY PARTNERS

Local people creating local opportunities

Regional Development Australia (RDA) Committees are made up of local people creating local opportunities.

Regions are incredibly diverse, and there is no one-size-fits-all approach - the government and RDAs are working with each other to solve the challenges and harness place-based opportunities.

RDA Ipswich & West Moreton

As part of a broader network of committees throughout Australia, our committee plays a vital role in promoting and supporting economic development within the Ipswich and West Moreton region.

Our goal is to bring together local leaders from various sectors and work collaboratively with all levels of government, businesses, and community groups to ensure the long-term growth and prosperity of the region.
