

Lake Wyaralong Olympic Infrastructure

PROPONENT

SCENIC RIM REGIONAL COUNCIL

Lake Wyaralong, home of Queensland's State Rowing Centre, will host the Brisbane 2032 Olympic and Paralympic Games rowing and canoeing events, showcasing the region's capability for world-class events.

Legacy priorities include building permanent structures like pontoons, finish towers, boat sheds, and carparks and investing in critical infrastructure, especially transportation.

The region aims to attract business, tourism, and foreign direct investment for accommodation near the lake. Beyond 2032, Lake Wyaralong will continue as Queensland's primary rowing venue. The lake's eastern side offers multi-use infrastructure potential, including conference and community facilities. Careful planning of permanent and temporary facilities will ensure post-Games benefits, support state, national, and international events, and produce world-class athletes.

BENEFITS TO THE REGION

- Permanent infrastructure improvements: Enhancing the Queensland State Rowing Centre for future use.
- Significant investment in infrastructure, particularly transport.
- Economic and tourism boost: Hosting the Games and pre-Games training will attract business investment, tourism, and global exposure.
- The eastern side will be developed with multi-use infrastructure.
- Long-term sporting legacy.

KEY PARTNERS

Local people creating local opportunities

Regional Development Australia (RDA) Committees are made up of local people creating local opportunities.

Regions are incredibly diverse, and there is no one-size-fits-all approach - the government and RDAs are working with each other to solve the challenges and harness place-based opportunities.

RDA Ipswich & West Moreton

As part of a broader network of committees throughout Australia, our committee plays a vital role in promoting and supporting economic development within the Ipswich and West Moreton region.

Our goal is to bring together local leaders from various sectors and work collaboratively with all levels of government, businesses, and community groups to ensure the long-term growth and prosperity of the region.
